BIBLIOGRAPHY

SOUTH AFRICA

The following list, prepared by Professor J. J. SMITH of the University of Stellenbosch, contains the names of some of the principal works dealing with South Africa, but it does not purport to be a complete list. Many well-known books have not been included owing to their being out of print, and works which appeal almost exclusively to specialists have been purposely omitted. When not mentioned, the place of publication is London.

(*The books in each section are arranged in alphabetical order of authors.*)
